

Beautiful mind - 1/1

Interprété par The verve.

A beautiful mind or a beautiful body
I know which one I'm gonna end upon
You say you will but you never promised thoughts
A smile and a hand mix like water with sand
As far as you're concerned
A road and a sign I know which one catches my eyes
And I, thought I heard it for a while
Then it all came to me
Sometimes I just don't know I believe in
don 't you wanna kow when I suffer
It doesn 't show
A smile and a hand mix like water with sand don't you know?
I was thinking about moving back home
I don 't really need to live here no no no no
I didn 't I could I'm sure I would if I knew that
I didn 't I couldl I'm sure I would if I knew that
A smile and a hand mix like water with sand
As far as you're concerned
A beautiful mind or a beautiful body
I know which one, I'm gonna end upon end upon
