

Twilight - 1/1

Interprété par The verve.

What I say
Couldn 't be that good
Because you left, you left
Not for good
You left for nothing
What I did
Seems so strange now
The way I tied you up
And you tied me
And what we did
Was something good for us
What we did was have a good night
I 'm changed, I'm changed
I can change
I can change
I want to change
