

## Make it till monday - 1/1

Interprété par The verve.

Hey my friend are we gonna make it till Monday?  
Another Friday night waiting for a revelation  
I can see a million faces in the condensation  
In a moment you'd changed  
Things weren 't the same  
You were talking at me not with me  
And your tongue was burning up in flames  
Are you coming back? Are you coming back?  
When Monday comes you'll be alone with  
The whole world staring at you  
Hey my friend are we gonna make it till Monday?  
Hey my friend friend you better leave now I'm gonna go my own way  
You said I suffer from inner frustration  
In a moment you changed  
Things weren 't the same  
You were talking at me not with me  
And your tongue was burning up in flames  
And when you turn him off  
Where does he go?  
Where 've the years gone?  
I don 't no  
Hey my friend are we gonna make it till Monday?  
Hey my friend are we gonna make it till Monday?
