

## A new hope - 1/1

**Interprété par Blink 182.**

I've got her in my head at night when I go to bed  
And I know it sounds lame but she's the girl of my dreams  
And of course I'd do anything for her  
I'd search the moons of endor  
I'd even walk naked through the deserts of tatooine

Princess Leia where are you tonight  
And who's laying there by your side  
Every night I fall asleep with you  
And I wake up alone

And even though I'm not as cool as Han  
I still want to be your man  
You're exactly the kind of alderranian that I need  
But when you wre available  
I was drinking cold 45's with Lando  
I was hanging out in the cantina on my eisley

Princess Leia where are you tonight  
And who's laying there by your side  
Every night I fall asleep with you  
And I wake up alone
