

Maybe I'll go - 1/1

Interprété par Lene Marlin.

You think you've made it everything's going so fine but then appears someone who wanna tear you down
wanna rip you off those few nice things you've found when and if you hit the ground then it's falling kinda
hard 'cause all you do is being yourself trying everything to succeed somehow but that's not the way things are
right now felling kinda lost

Those reasons those unkind words being expressed
Oh...they'll get to you I promise one day but maybe then it's too late for you to say
I knew it from the go 'cause you know that's some miles away from the truth
don't forget hey what do you think of me now am I not like once were still if you don't know me what's the
story of this pen I guess you're not a stranger and I can tell you've not a friend it might take a while but I guess
you'll manage waiting 'till then then when you confront me with your thoughts

You may think I don't notice don't get a bit hurt by what you do I ask you go please think of what I've done to
you please search inside and let me know if I've done something wrong I guess I'll go far hidden never to be
found
