

## Changing me - 1/1

**Interprété par Bee Gees.**

Tell me what's going through your mind  
Out of all the changes your making out , you find  
Hey baby , that our love has gone away  
I don't really want to leave ya but it's hard for me to stay

Everytime I turn around you're changing me  
Draining all of my energy  
Trying t make me something that I'll never be  
Honey , set me free from this misery

It's tragic the things you feel inside  
'cause it's killing me to know I don't keep you satisfied  
'cause it's magic to think that love so sweet  
You took my hand and made me feel life was so complete

Everytime I turn around you're changing me  
Draining all of my energy  
Trying to make me something that I'll never be  
Honey, set me free from this misery

When I met you  
You seemed to be so satisfied with everything in life  
You promised me that you would always love me  
If I were to make you my one and only one  
Now lately it seems you're always trying to change me  
Trying to rearrange me  
Trying to make me into something that I'll never be  
Changin' me and you know girl I just wanna be free

Rearranging me , changing me , you keep changing me  
Draining all of my energy  
Everytime I turn around you're changing me ,changing me  
Trying to turn me into something that I'll never be  
Honey, changing me , changing me ,want to change me girl  
I just wanna be me , I just wanna be free  
You keep coming 'round trying to change me ,changing me
