

Stay - 1/1

Interprété par Michelle Featherstone.

If I build a wall a hundred feet tall
Would that keep you in
If I shackle your feet
So you couldn't leave
Would you try and run

If I promise not to fight
Atleast not tonight
would you stay the night
If i wore that little dress
That you like the best
Would you pass my test

Would you stay
Would you stay with me

If I poured another drink
What would you think
About staying in
If I was sincere
And whispered my fears
would you still be here

Would you stay?
Would you stay with me
Would you stay
with me...
