

Coffin Song - 1/1

Interprété par Dionysos.

Screw my longboard trucks and wheels under my coffin.

Put the board with me into my coffin.

With a nice electric wreath into my coffin and harmonicas... and harmonicas.

Put some letters from England into my coffin.

A little tape of my favorite songs into my coffin and dress with Molly's shirt into my coffin and let me tumble down to a nice going down to the sea.

And don't forget to let me books,

Don't forget to let me...

And please, put some stickers of the Pixies everywhere.
