

## Centrefolds - 1/1

### Interprété par Placebo.

Come on half hazard  
I refuse to let you die  
Come on fallen star  
I refuse to let you die

Cause that's wrong  
And I've been waiting for too long  
That's wrong  
I've been waiting for too long  
for you to be, be, be, be  
be mine, for you to be mine  
be mine, for you to be mine

And that's wrong  
I've been waiting for too long  
That's wrong  
I've been waiting for too long  
for you to be, be, be, be

All the centrefolds  
That you can't afford  
Have long since waved their last goodbyes  
All the centrefolds  
That you can't afford  
You've long since faded from their eyes

so be, be mine  
so be, be mine
