the silence is still ringing in my head/ stuck on repeat/no much longer I'll be dead so just forget me /I'm losing my mind and I'll don't think you could save me this time

And it goes on and on /and i just feel helpless/how long will this take to wear out
on and on/when will I get through this /welcome to my own down and out

I'm crawling deeper in this hole/to disaster/i'm gripping what I thought control was falling faster /i'm losing my mind and I don't think you could save me this time

and it goes on and on / and I just feel helpless / how long will this take to wear out /
on and on when will I get through this /welcome to my own down and out

It's wearing thin/I can't stop this walls will keep caving in /It's gone to far /where is my mind /why can I stop fear this paranoia/It's a never ending story/who start with me / it's a never ending story/ who start with me

and it goes on and on

It's never ending /i'm falling further /welcome to my own down and out
