

## Erica Kane - 1/2

**Interprété par Aaliyah.**

She's back on the street she's here for the night  
Fills you with grief she cuts like a knife  
Make you do things that no others could do  
She turns a professor into a fool  
Oh she ain't hard to get, the girl gets around  
Those that she met are destined to drown  
She'll make ya change like you never believe  
She turns a working man into a thief  
Oh

She's Erika Erika Erika Erica

Oh back on the block she's at it again  
She'll be your best friend as long as you spend  
I know she's torn whole families apart  
She'll shoot a poison arrow straight threw your heart  
Oh this is the day for Erica Kane  
There's nothing to lose, none for her to gain  
She'll make a honest man steal from his folks  
And drain a millionaire man until he go broke

She's Erica Erica Erica Erica
