

## Protection - 1/1

**Interprété par Florent Pagny.**

What was blank space  
Here now lies someone  
Well I know this face  
And where it comes from  
Thanks for crying, drinks on me  
In your mother's eye  
Talk of spitting imagery  
We all need protection  
How to forgive  
This restless sleeper  
Each day we live  
I'm breathing deeper  
Think of me the other guy  
With the gravelly voice  
D.J. of the lullaby  
We all need protection  
If I am Tarzan  
This must be Jane's boy  
Sweet as a lamb  
On his asteroid  
Papers are in order  
So it looks like you can stay  
Though why make such an entrance  
In a loud abstrusive way  
No one here is innocent  
We all need protection
