

Let the music play - 1/1

Interprété par Barry White.

Let the music play...yeah, right here, right here.
Let the music play on...movin' , kickin' , groovin'.
I'm out here dancin' and still, huh
I can't erase the things I feel
The tender love we used to share
See, it's like it's no longer there
I've got to hide what's killin' me inside
Let the music play...yeah, right here, right here.
Let the music play on...
Movin' , kickin' , groovin'.
I think I'm gonna be alright, ha, ha, haIf
I can make it through the night, oh, Lord
I'll just pretend she's here with me
I'll close my eyes, her face
I'll seeI know it's make believe, but it's the only hope for me
