

## Silence is golden - 1/2

**Interprété par Garbage.**

If I am silent  
I am not real  
If I speak up then  
No one will hear  
If I wear a mask there's  
Somewhere to hide

Silence is golden  
I have been broken  
Safe in my own skin  
So nobody wins

If I raise my voice  
Will someone get hurt?  
If I can feel it  
But I can't get touched  
If no truce was spoken  
Then don't ask me why

Silence is golden  
I have been broken  
Safe in my own skin  
So nobody wins

Won't someone listen  
I have been broken  
Safe in my own skin  
So nobody wins

Did you hear me speak  
Do you understand  
Did you hear my voice  
Did you take my hand  
Did you understand me

Won't someone listen?  
I have been broken  
My body's a temple  
But nothing is simple

Won't someone listen?  
Something was stolen  
Silence is golden  
So nobody listen

Won't someone listen?  
I have been broken

## Silence is golden - 2/2

My body's a temple  
But nothing is simple

Won't someone listen?  
I have been broken  
My body's a temple  
But nothing is simple

Won't someone listen?  
I have been broken  
The silence is golden  
I'm safe in my own skin

Won't someone listen?  
I have been broken  
My body's a temple  
But nothing is simple
