## One honest man - 1/1

## Interprété par Cher.

I can find a four-leaf clover rainbow I could find it if I wanted to I believe if you put your mind to something Well there ain't anything in this world You could not do

What I can't find One honest man Why can't I find me One honest man Don't understand

The only thing I ever wanted Was a little bouquet of truth from him But he gave me all the things You can't be loving And I'm on the wrong side of a broken heart

Why I can't find One honest man Why can't I find me One honest man Don't understand

If a little bit of candle Can light up the darkness Why can't he find his way through I've been waiting For a very, very, very long time Ain't no man ever gonna be true

Don't understand Ain't there a man for me?

Why can't I find me One honest man Why I can't find One honest man
