

Living in a house divided - 1/1

Interprété par Cher.

Look at us the picture of happiness
Not so long ago
Oh not so very long ago
The pride of all our friends
The perfect couple were we
Is this how it will end?
Just a sad, sad story

Chorus:

Living in a house divided
With a love that's so one sided
There's no chance at all
The walls have gotta fall
Living in a house divided
With a love that's so one sided
There's no chance at all
The walls have gotta fall

Tumbling down
Look at us the king and queen of emptiness
Living inside our castle of loneliness
Unable to make amends
Such perfect strangers are we
Is this how it will end?
Just a sad story

(chorus)
