

## Chastity sun - 1/1

**Interprété par Cher.**

Chastity Sun you are the one  
That can make me smile  
When I'm feeling sad  
You come close to me  
My heart goes running free  
You are the proof God lives  
You are his gift to me

Sweet baby-girl  
You make my world good and shiny new  
When I look at you  
In your eyes I see  
The world that God meant to be  
There's no hate or anger  
Just love for humanity

We'll have children of the kingdom  
They won't be torn by war, torn by hate  
Nor will they hesitate to love

Chastity Sun we are as one  
You help comfort me  
You're the fruit I'm the king  
I am trying so but I've got so far to go  
I got so much to teach you  
And so much myself to know

Sweet baby-one you bring the sun  
In a simple way  
With the things you say  
In my smile or tears  
Such innocence in your heart  
Makes up God's great circle  
'Cause I am king in you're the stars

We'll have children of the kingdom  
They won't be torn by war  
Nor will they ever hate  
Hesitate to love
