

David's song - 1/1

Interprété par Cher.

Won't you let me rock and roll you baby
I haven't seen you in a long, long time
I haven't fooled around with any candles lately
Just thought you might have some music in mind

Chorus:

Ah I just want to serenade you
Maybe we could even live a verse or two
And I could finish this old love song
So I could start singing it to you
I could start singing it to you
If I could finish this old love song
And I could start singing it to you

Won't you come and boogie-woogie with me baby
It's been a while since I held you close to me
I haven't met many boys like you baby
I knew I would find you eventually, oh

(chorus)

If I could finish this old love song
I could start singing in
I could start singing it to you

Ah, to you
Ah, to you, baby you
I said to you
