

Stars - 1/2

Interprété par Cher.

I was never one for saying
What I really feel
Except tonight I'm bringing
Everything I know that's real

Chorus:

Stars they come and go
They come fast, they come slow
They go like the last light of the sun
All in a blaze, and all you see is glory

Hey, but it gets lonely here
When there's no one here to share
You can shake it all away
If you will hear my story

Some people ask for fame
Like athlete's in a game
We break our collarbones
And come up swingin'
Some of us are downed
Some of us a crowned
And some are lost and never found

But most have seen it all
They live there lives
In sad cafe's and music halls
They always come up singing

Some make it when they're young
Before the world has done its dirty job
Later on someone will say
"You've had your day
And now you must make way"

But they will never know the pain of living
With a name you'd never own
Or the many years forgetting
What you know too well
That the ones who get the crown
Have been let down
Yet try to make amends
Without defending, perhaps pretending

You never saw the eyes
Of grown men of 25

Stars - 2/2

That follow as you walk
And ask for autographs
Or kiss you on the cheek
But you never can believe
They really love you

Some make it when they're old
Perhaps they have a soul
They're not afraid to bare
Or perhaps there's nothing there

(chorus)

But most have seen it all
They live there lives
In sad cafe's and music halls
They always come up singing

Singing, singing
Singing
