

## Elusive butterfly - 1/1

**Interprété par Cher.**

You might wake up some mornin'  
To the sound of something movin'  
Passed your window in the wind  
And if you're quick enough to rise  
You'd met the fleeting glimpse  
Of someone's fading shadow

Out on a new horizon  
You may see the boat in motion  
Of a distant carib wind  
And if you sneeze then press your ear  
You might hear footsteps running  
Through an open meadow

Chorus:

Do be concerned it will not harm you  
It's only a mistress doing something  
I'm not sure of  
Cross my dreams with myths of wonders  
I'd make the brightest elusive butterfly of love

You might have heard  
My footsteps echo softly  
Through the distant  
From the canyons of your mind  
I might have even called your name  
As I ran safely  
After something to believe in

You might have seen me running  
Through long abandon ruins  
Of the dreams you left behind  
If you remember something  
They're the brightest path to follow  
'Cause I remember dreaming

(chorus)

Cross my dreams with myths of wonders  
I'd make the brightest elusive butterfly of love
