

Emotional fire - 1/1

Interprété par Cher.

I can't wait until I see you baby
I can't wait 'till the night comes falling down
I gotta see you again, oh

And even if it couldn't be forever
I'd trade a lifetime for this night together
Hold on, hold on
My heart is burning with the heat of this

Chorus:

Emotional fire, every time I see you
I'm on fire, every time we touch
Can't you feel me burning with desire?
Baby feel the warm, give me some
Emotional fire, emotional fire

There's a feeling when I'm here beside you
Couldn't leave you and I wouldn't try to
Baby, I'd only need you again, oh

There ain't nothing that can break this fever
The love gets stronger, and the passion deeper
Hold on, hold on
I can't let go 'cause there's no stopping this

(chorus)

I can't wait until I see you baby
I can't wait 'till the night comes fallin'
Hold on, hold on
My heart is burning with the heat of this

(chorus)(repeat)

Give me some emotional fire
Emotional fire, emotional fire
Everytime I see you
Everytime we touch, baby
Give me some, give me some fire
Emotional fire
