

When love calls your name - 1/1

Interprété par Cher.

You can cover your eyes and hide
Behind walls you've built around you
You could run for your life anytime
There's a chance of someone breaking through
But sooner or later it comes to us all
And even the strongest must fall

Chorus:

When love calls your name there's no saying no
You follow your heart wherever it goes
To the ends of the earth for the rest of your days
Whatever it takes, yeah you'll find a way
Through fire and rain, when love calls your name

Now I see a light and it keeps
Getting brighter and shows me the way
And it's there in your eyes pulling me closer everyday
After all of this time the tables have turned
Yes, I'm finally ready to learn

(chorus)

You do what you must, you take it on faith
You take it on trust, you're out of control
And all that you know, your world's not the same
When love calls your name

When love calls your name there's no saying no
You follow your heart wherever it goes
To the ends of the earth for the rest of your days
Whatever it takes, yeah you'll find a way
When love calls your name, ooh when love calls your name

Ooh, when love calls your name
Ooh, ohh, when love calls your name
