When you pray with every breath
You know that is free as the love you have
Where does it end
It's too much for me to take
There's no peace, you close your eyes
I'm all out of truth, I'm outta alibis
Where does it end
It's too much for me to take

Chorus

We're gonna love one another 'til morning comes
Seek the sweet salvation for what we've done
Give up resisting one by one
One by one
He gives a new kinda meaning to what I am
I know that I could never love any other man
One of these days you'll understand
Understand

And his face is heaven sent
He makes me believe there must be something else
Where does it end
It's too much for me to take
I can feel the need in you
There isn't a thing, I want you do
Where does it end
It's too much for me to take

We're gonna love one another 'til morning comes
Seek the sweet salvation for what we've done
Give up resisting one by one
One by one
He gives a new kinda meaning to what I am
I know that I could never love or need a man
One of these days you'll understand
Understand

I can feel the need in you
Give up resisting
One by one

There isn't a thing, I want you do
Give up resisting
One by one

We're gonna love one another 'til morning comes
Seek the sweet salvation for what we've done
