

With or without - 1/1

Interprété par Cher.

I don't wanna live without you
God, it hurts to be alone
Living with you - or without you
cuts my poor heart to the bone
My heart gets broken, everytime we fall
there's only so much left unshattered
This time I know - my back's against the wall
but truth is the only thing that matters - anymore
I'm scared in a crowd of people
and you're afraid to be alone
I have prayed you'd be beside me
I guess I'm meant to stay alone
Oh, cause our hearts get broken - everytime we fall
they're beaten down and battered
you're so afraid - you don't deserve it all
but you're not the only thing that matters - anymore
how can i live - without you in my heart
when I walk out this time, it'll tear me apart
my heart gets broken, everytime we fall
there's only so long I can fake it
Cause you let me go babe, we could've had it all
we had a chance, I thought we'd make it
I'd give my heart to have, to break it
God give me strength, I just can't take it
Anymore
