

Still love remains - 1/2

Interprété par Seal.

How will I stand
If you turn out the light
That shines over me
That shines over me

And how will I live
If you take all the give
That you have for me
That you have for me

Without so madly
Without so fast
Yet still we remain

How will I love
If you take all the life
From out of me
Right from out of me

Tell me how will I live
If you take all the give
That you give to me

We burned so brightly
Love so fast
Yet still we remain

Ohhhh
'Cause we'll live
And we give
Today

I.... yeah
But dontcha know

You know
You know
You know
I know
You know

You're nothing I yeah

Now dontcha know
You know
You know
You know

Still love remains - 2/2

I know
You know

You're nothing I yeah...

Now dontcha know
You know
You know
You know
I know
You know

Tell me how will I live
With anyone but you
Babe

Anyone but you babe
With anyone but you
With anyone but you
With anyone but you
