

Bring it on - 1/2

Interprété par Seal.

Bring it on

Bring it on bring it on bring it on bring it on

First I didn't have the will to carry on

Illusions in my mind

Like that picture when you feel you can't go on

Like you've been left behind

Life goes on, now

Take me to that funky place where you and I were born.

Carry on, now

Psychedlic tendencies of love will bring it on

Bring it on

Bring it on, Bring it on

Don't wait until tomorrow

Bring it on

Bring it on

Bring it on

Give me something for the dream that I am in

You know I love the way you save me

A broken pawn,

I depended on.

Was only life, I was feeling

It goes on, now

Take me to that funky place where you and I were born

Carry on, now (L)

Ain't no reason you should feel for shorn,

Unconditioned love will bring it on.....

Bring it on

Bring it on

Don't wait until tomorrow

Wait until tomorrow

Bring it on

Bring it on, bring it on bring it on

Bring it on, bring it on bring it on

Bring it on, bring it on bring it on

Bring it on, bring it on bring it on

Bring it on, bring it on bring it on

Bring it on, bring it on bring it on

Bring it on

Bring it on - 2/2

Bring it on, bring it on bring it on
Bring it on, bring it on bring it on
Bring it on, bring it on bring it on

Unconditioned love will bring it on

La da..da de da...

So what lies under.
Is your Kingdom Come?
Chase it way,
Down low.
It's only life.

Don't wait until tomorrow.
Don't wait until tomorrow.
Don't wait until tomorrow.
Don't wait until,
Wait until tomorrow.

Bring it on, bring it on bring it on
Bring it on
