

Happy Death Day - 1/1

Interprété par Alien Ant Farm.

I slowly shoot these words like weapons
And go insane
I watch you drive your stupid car
You go away
You never were one to use caution
And you don't obey
You know I'd love to see it happen
I always tried to keep you near me
Without the pain
I love to tie us into knots
We slipped away
I tried to captivate you, on that evening
He was leaving, with the girl I'd like to kill

[Chorus]

Happy Death day to you baby
I know you're flying in the blue now
We'll be together real soon now baby, don't you worry
Papa's got a brand new body bag for you

Cable cars run through my mind
Reminiscent Bay
I think I'd love a valentine
I wish you'd stay
You never were one to use caution
It slipped away
I somehow knew this would happen

[Chorus]

And I got a fresh new kind of attitude
I slowly shoot these words like weapons
And go insane
I watch you drive your stupid car
You go away
You never were... You never were...
You know I'd love to see it happen

[Chorus 2x]

And he ain't ever ever coming back to you
