

# Nightmares - 1/1

**Interprété par Daddy DJ.**

You're running  
Something's behind you  
Something ugly and bad  
Like a beast you just can't see

Tortured faces grinning  
Empty eyes staring at your soul  
The beast is getting closer  
And closer, and closer...

You're in a nightmare  
You're running from your own fears  
Nothing's real but in your mind  
Are you affraid of what you are ?

You'd like to wake up  
To let darkness fade into nothingness  
So run, run as fast as you can  
Run to save your soul

It's a nightmare
