

I'll be here where the heart is - 1/1

Interprété par Flashdance.

It's the song that just keeps playing on the radio And you know I haven't seen you for a while I lie awake at night and wonder how you are And I wish that I could see you again

Is it fate, or is it luck that brings us back
Or is it just a common point of view
Time has put a spell on you, you never seem to change
I wish that I could see you again

Chorus:

I'll be there where the heart is When the dreams that we've been after all come true You will find me here where the heart is I'll wait for you, I'll wait for you

It's the light that just keeps shining day after day And other loves have come and gone And I'll be here with open arms to take you in I wish that I could see you again

chorus

And in between, and when I need to see you again All I have to do is close my eyes Are the pictures comin' in my friend I'll hold you again, but until then
