

## Where are you tonight - 1/1

Interprété par Dirty Dancing.

I look at the moon and a single star  
It's making me crazy wondering where you are  
I reach out and touch that heavenly face  
Open my hand there's empty space  
Oh no, where are you tonight  
I've got to know  
Where are you tonight  
The sink and the dishes spent the weekend there  
Should clean up the place but I just don't care  
Tonight I'll be talking to the moon and that star  
Maybe they'll tell me where on earth you are  
Oh no, where are you tonight  
I got to know  
Where are you tonight  
Please believe me when you leave me  
Keeps me worrying through the night  
Worry baby, makes me cry  
Can't tell wrong from right  
Come to me tonight  
I want to know  
Where are you tonight  
I got to know  
Where are you tonight
