

Talk in tongues - 1/1

Interprété par Natalie Imbruglia.

When you beat on the drum
Talk in that tongue
Just scratching on the surface
So tell me what it means
A whisper to a scream
Slowly fades away

Refrain : Then you wake up
And tomorrow is today
La de la de da da da
And you're cryin'
Cryin' like a baby
Caught between the tides
You lost your way
you lost your way

Do you know where I've been
The walls are caving in
Move across the wire
No need to talk
I crawl as you walk
Pushin' me away

Refrain

Flowers in the bin
Close this hole I'm in
Everything was one
Nothing comes undone
You pay the bill
You lost your will
Just run away until

Refrain
