

## Time flies - 1/1

Interprété par Elliott Murphy.

Okay

Time flies, we just walk  
Long distance - hello mom, just wanted to talk  
Amazing how we see so little these days  
But I know your ways, you know my ways

Those crazy years seem so long ago  
We both were much too sure of things we couldn't know  
But I wonder if you knew that I loved you all the time  
Well that's fine - n' that's fine

Caus' a family ties with invisible threads  
And the most important things are rarely ever said  
But the feelings that survive  
If they're true, if they're strong - they can't be wrong  
They can't be wrong
