

# Should have loved her then - 1/1

Interprété par Dante Thomas.

1st verse

she walked into the room  
all dressed in blue  
what am I to do  
he vowed to take her hand  
raise a family and promise to be true  
but she used to whisper to me by the river  
alone when the nights were so cold  
and he doesn't know that  
she still belongs to me  
so I cry from the ache in my heart  
cause I should have loved her then  
I should have loved her then.

2nd verse

she gazed into his eyes  
vision paralyze  
ohh if I could die  
they danced until the dawn  
on our favorite song  
I felt so alone  
cause she used to whisper to me by the river  
alone when the nights were so cold  
and he doesn't know that  
she still belongs to me  
so I cry from the ache in my heart  
cause I should have loved her then  
I should have loved her then.

musical bridge

God if there's a way  
I could turn the road  
tell her all the things I should have told  
I'd be there  
I'd be a man I swear  
I swear!  
I should have loved her then  
I should have loved her.....then!
