

## Time - 1/1

## Interprété par Titiyo.

This world has no patience, time It's spinning while we're wasting, time In roadblocks, subway stations, time We're waiting wasting time

Well life takes a turn Let's keep on straight It's easy to burn On stolen faith

Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me

Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me

Well life takes a turn Let's keep on straight It's easy to burn On stolen faith

The world has no passion, time I'll judge you by your actions

Give in, give out
Give in and get out with me
Give in, give out
Give in and give it to me

Give in, give out Give in, give out
