

Rain - 1/1

Interprété par Alanis Morissette.

(This song is dedicated to the Hetchums, Jackie,
the Tynans and everyone else who knew and loved Kevin.)

It was the night Rod Stewart played
And we were, were standing in the pouring rain
If I had known it was the last time I would see you again...
I would change everything...

I look through the broken glass I watch the storm go through my mind
There's so much I had to say I know the words I left behind
And now I'm caught in a daydream with nowhere to run and hide
The world rushes by me, it's leaving me here all alone
(I would change everything, but I can't do anything
I would give all that I have to know where you are)

Chorus:

I'll always carry you inside my heart and you
You'll never know how much I wonder where you are
I always knew that you would take a part of me away with you
And I never got to say good-bye

I look in the mirror now and all I see is yesterday
At night I hear your voice and it is calling out my name
And with every hour just hold on to what you can
They're lost in a moment and fading away in the night
(I would change everything, but I can't do anything
I would give all that I have just to know where you are)

Repeat Chorus

...and I never..ever...said good-bye...

That night is just a memory
But I still feel you standing next to me
And when I think I hear your voice all I hear is the RAIN...
