I'm talkin' 'bout making love in the shower at least a hour
And let you dangle in my arms cuz love is power
Can you feel it?
Sky's the limit once you reveal it
Your heart was wounded, God sent me to heal it
I'm on a mission
Ain't no stress love, touch it with precision
Just undress love, I know the right position
Come on trust me girl
Throw this rock up on your hand, I'll give you the world
Hey yo, Face, on the real, was the honey lookin' laced?

[Babyface]

Ooh baby, baby, baby
