

When Your Body Gets Weak - 1/1

Interprété par Babyface.

Tonight I'm gonna hold you
I'm gonna touch you, and lay you down
Tonight I'm gonna kiss you
I'm gonna taste you, all the way down
Tonight you don't have to be lonely
You need only to call me
And I will be down

Chorus

When your body gets weak
And you need some affection, oh baby
I'll lay you down
When you body's in need
And you need some attention, oh baby
I'll lay you down

Tonight when I've been inside you
I'll lay down beside you, and stay all night long
Yes I will
Tonight I just want you to teach me
Girl I just wanna please thee
So just let's get it on baby
Tonight there be no intermissions
I have only one mission
That's turning you on

Chorus

Tonight you don't have to be lonely
You need only to call me
And I will be down
