

Believe In Me - 1/1

Interprété par Boyzone.

i'm been taking all my time
could i be blind hey
i'm kinda feeling that there's just one reason
why love won't die hey, i'm kinda pleading stay by my side

cos i can't eat, can't sleep
you're the only thing i care about when you smile
you're so sweet if i could only tell you the way that i feel

believe in me, and you'll see
that i'm down on my knees
baby please, believe and you'll see that my life is yours

all the mountains that we climb
day at a time i promise you no heartache
nothing left to hide
swallow my pride guess you're not believing i'm turning the tide

cos i can't eat, can't sleep
you're the only thing i care about when you smile
you're so sweet if i could only tell you the way i feel

believe in me, and you'll see
that i'm down on my knees
baby please, believe and you'll see my life is yours

believe in me, and you'll see that i'm down on my knees
baby please, believe and you'll see that i'm down on my knees
baby... hoping that you will believe believe in me
and you'll see that i'm down on my knees
baby please
believe and you'll see that i'm down on my knees
baby...
