i've got to tell you girl you're in danger no one can save you
now you're going to be mine somehow you didn't know me
but to me you're no stranger saw you each day every week i was too shy to speak
i loved you long ago i loved you even though you never looked my way but now i've got to say..

oh carol, gotta make you mine carol, it'll work out fine
i know it's love, i know it's love for real
i know it's love, i know the way i feel carol,
you're my dream come true carol,
when i look at you carol, say you'll never go carol,
now i need you so carol when i hold you tight i don't want to say goodnight

can't you feel it it's all around you reach out and take it all
don't be afraid to fall don't want to lose you now that i've found you
i'll always be around i'll never let you down

i loved you long ago i loved you even though
you never looked my way but now i've got to say..

oh carol, gotta make you mine carol, it'll work out fine
i know it's love, i know it's love for real
i know it's love, i know the way i feel carol,
you're my dream come true carol,
when i look at you carol, say you'll never go carol,
now i need you so carol when i hold you tight i don't want to say goodnight
