

## Can We Find A Reason - 1/1

Interprété par Lenny Kravitz.

Is there anyone out there willing to try?  
Or we satisfied with just getting by?  
We've hurt mother nature can't you see her she's crying  
We've robbed and we've raped her and taken her child  
And oh oh oh can we find a reason?  
Just think about it  
And oh oh oh can we find a reason  
To live another season?  
We're fighting more battles everyday we're alive  
We should be rejoicing but instead we cry  
This world's so polluted you would think we were blind  
We poison our children before they're defined  
And oh oh oh can we find a reason?  
Just think about it  
And oh oh oh can we find a reason  
To live another season?  
Excuse me for saying 'cause  
I've never been shy  
But if we don't stop this we sho'nuff goin' die  
Yes I hope we can make it 'cause this river's run dry  
Now our only battle will be to survive  
And oh oh oh can we find a reason?  
Just think about it  
And oh oh oh can we find a reason  
To live another season?  
It's the New Millennium
