

## Tell Me Why - 1/1

**Interprété par Texas.**

Even now I can see that day  
The fear in your eyes  
Tell me why  
Were you so afraid

Some things they turn out this way  
Fire the bullet and find  
That you don't know what you left behind  
When we laid you to rest

Tell me why were you so afraid  
Tell me why were you so afraid

You walk this line  
You walk this line of hate  
Where to people are so blind  
Blind to the evil it creates  
Never say too much  
Never think out loud

Tell me why were you so afraid  
Tell me why were you so afraid

I know one day you'll find a way  
To heal the wounds  
I know one day you'll find a way  
To heal the wounds  
Tell me why were you so afraid

Even now I can see that day  
The fear in your eyes  
You gave all you lived for  
Whilst you kept your pride

Tell me why were you so afraid  
Tell me why were you so afraid
