

Follow Me - 1/2

Interprété par Craig David.

Can you tell me?
How do you feel?
How do you feel? (talk, talk to me)

In your letter it said you wanted to
Talk to me talk, talk, to me talk to me
That you're missing my loving
Asking am I gonna give it yo ya
She said I like the way it put it down on me, me, me baby
That there's nothing more she'd rather do, do than

Follow me, follow me to my bedroom
(Both of our bodies)
Follow me, follow me to my bedroom
(this'll be a night you won't forget)(x2)

Relax, unwind and just take your time take, take your, take your time
I would like to show you, get to know you, hold you, kiss you
Running my fingers through your hair
How do you like it?
Let's just take it nice and slow and enjoy the flow

Follow me (alright) follow me to my bedroom
(you know what you gotta do, you know what you gotta do take my hand)
Follow me, follow me to my bedroom
(this'll be a night you won't forget)
Follow me, follow me to my bedroom
(follow me, follow me darling)
Follow me, follow me to my bedroom
Can you follow me?

When I get on top and I make it real hot and you tell me don't stop
(Ooh yeah) Are you fallin'?
When I get on top and make it real hot and you tell me don't stop
Whose name you calling?
When I get on top and make it real hot and your telling me don't stop
Are you falling?
When I get on top and make it real hot and you tell me don't stop
(Ohh yeah, talk, talk to me)

How do you feel? (both our bodies)

Follow Me - 2/2

How do you feel? (all I wanna know)

How do you feel? (how do you feel?)

How do you feel? (follow me lady)
