

Universe - 1/1

Interprété par Savage Garden.

Well I'd like to take you as I find you
Imagine our clothes are on the floor
Feel my caress so soft and gentle
So delicate you cry for more
But you know baby, you know baby does it right
And you know baby does it right

Universe inside of your heart, you gotta let me know
So you can be free baby
You wanted it so much, and now that it's over
You don't know what you want

Put time in a capsule, two minds consensual
Entwined to perfection, if only we could ...
Cuddle up close, lay on my chest now
Listen my heart beats coming down
If you get tired you close your eyes now
When you wake up I won't be found
Cos I know baby, well I know you're the nervous kind
With so much going on in your mind

Universe inside of your heart, you gotta let me know
So you can be free baby
You wanted it so much, and now that it's over
You don't know what you want

But let me tell you that, this time (this time)
I'm gonna make you mine (I won't let you go)
Cos I know that this time (this time)
I'm gonna make sure I look out for me

Cos you know baby,
well you know baby does it right
And you know baby does it right
You will only end up lost in loneliness
And wake up with the words already on your lips
So I'll let you go, baby, so I'll let you go...

Universe inside of your heart, you gotta let me know
So you can be free baby
You wanted it so much, and now that it's over
You don't know what you want
