

## Up where I belong - 1/1

Interprété par Ophélie Winter.

Too many promises, so many lies I've regrets but I can't turn back the time I'm gonna make a change, start a new  
Gonna take a chance and it's because of U

Got me feelin' like never before And with U feel so secure So I wanna say

What I lost I have found Now I've got to let U know that

CHORUS :

U, take me up where I belong

It's your love that's makin' me strong

Whenever I fall, your love it takes me

Up where I belong

U came to me when I needed U most

Gave me direction

U've given me so much hope

An inspiration, the light U shine

I'm in heaven just to know that U are mine

Such a feelin' like never before

And with U I feel so secure

So I wanna say

I owe it all to U

Got to tell U from the heart that

CHORUS

Gotta love that's strong enough

Takes me higher than the heavens above

It feels like a dream

But I know it's true, up where I belong

CHORUS
