

## Me happy - 1/1

Interprété par Ks Choice.

CD The great subconscious club

That's a stupid

hat you're wearing

It doesn't really match your hair

Did I ever tell you that your breath is worse

Than what you wear

That's exactly what she told him

At least that's what he told me

So I guess we could conclude

They're not a happy family

Love's not what you see between the legs of the majority

That's a lovely dress you're wearing

Too bad your figure can't make it work

When I hear the things you say

I wonder if your brain can work

That's exactly what he told her

At least that's what she told me

I scream my calls, I lock my doors

I'm suddenly filled with apathy

Love's not what you see between the legs of the majority

Although, I'd like to add the game in bed is a necessity

To make me happy

Make me happy

Love's not what you see between the legs of the majority

Although, I'd like to add the game in bed is a necessity
