

I am who I am - 1/1

Interprété par Lara Fabian.

CD Lara Fabian

Feels like you've

built a wall around me

You've tried your best to ground me

Let me explain that I don't play by any other rules

I won't be nobody's fool - I won't lose this game

There is no way

I can love you with half of my heart

It would tear me apart

CHORUS :
I am who I am

What else could I be

And I'll stand where I stand

I chose to be me

When you look in my eyes

You get what you see

Understand if you can

That I am who I am who I am

Think twice before you try to read me

Before you try to lead me into your trap

You've got no right to play with my emotion

'Cause you should know that I'm much deeper than that

There is no way

I can love you with half of my heart

It would tear me apart

CHORUS
There is no way
I can love you with half of my heart

It would tear me apart
