CD Living in the present future

Give me one good reason  
That I should care  
Give me one good reason  
And I'll be there  
Like a thief you've stolen  
Like rain on a grave  
Like a priest who's spoken  
But failed to save Now the air is empty  
And the ground the same  
Love has gone to be buried  
Beside my name Give me one good reason  
That I should care  
Give me one good reason  
And I'll be there Why couldn't you have  
told me  
about your liar's kiss  
I can't believe you'd leave me  
At a time like this And the wind is howling  
And it's a dying dream  
And my faith is silent  
While my doubts scream Give me one good reason  
That I should care  
Give me one good reason  
And I'll be there Give me one good reason  
Give me one good reason  
Give me one good reason  
That I should care Give me one good reason  
Give me one good reason  
Give me one good reason  
That I should care Give me one good reason  
Give me one good reason  
Give me one good reason  
That I should care
