

beg - 1/2

Interprété par All Saints.

Ladies and gentleman, (beg) put your hands together
You gotta
You gotta
You gotta
You gotta
Ladies and gentleman, (beg) put your hands together
You used to tell me you were my best friend,
You used to tell me your loyalty would never end,
Say you'll always have my back,
As soon as I hit rock bottom,
you were nowhere to be had, no, no.....
Go and give it to me,
On the floor where I can see,
On your knees and beg,
if you're searching for forgiveness,
Go and give it to me,
On the floor where I can see,
On your knees and beg,
if you're searching for forgiveness.
You gotta
You gotta
Today's letter was 'B' and the word was 'beg'
You gotta
You gotta
Beg, beg.....
Won't let nobody bring me down,
Telling you what goes around, comes around,
Life is full of mysteries,
that's exactly what you are, exactly what you are to me....
I wanna hear you beg, hear you beg,
Make you see, friendship ain't on the mat (oh, on the mat),
Can't forgive you if I could, wanna come into my world and you'll see
I'm doing good.....
Go and give it to me,
gotta give it, gotta give it to me,
On your knees and beg,
oh, on your knees,
Go and give it to me,
on the floor where I can see,
On your knees and beg,
if you're searching for forgiveness.
You gotta You gotta (you gotta give it, you gotta give it to who?)
You gotta You gotta (you gotta give it, you gotta give it to?)
You gotta You gotta (you gotta give it, you gotta give it to who?)
Aaahhh, ooohhh, ahhhhh
Get down on your knees,
Go and give it to me (you gotta give it, you gotta give it to who?)
