

## Alone - 1/1

**Interprété par All Saints.**

Not gonna, don't wanna,  
never gonna, don't wanna, wanna end up alone  
Not gonna, never gonna,  
don't, don't wanna, wanna end up alone  
I need to sit back, make out,  
its about the way I'm making you feel,  
You're trying to show me that you're happy, really happy,  
but I can see that you're feeling don't for real,  
The unhappiness, I'm maybe causing you,  
its definitely unintentional (definitely unintentional),  
so don't hesitate, don't be afraid,  
go tell me coz my actions are occasional, oh,  
but I'll tell you something right now.  
Not gonna, don't wanna,  
never gonna, don't wanna, wanna end up alone  
Not gonna, never gonna,  
don't, don't wanna, wanna end up alone  
I need you to be honest, really honest,  
and tell me whats on your mind (can't you tell me whats on your mind?),  
Whatever the problem maybe, tell me, oh, coz the body never lies,  
and my two hearts (two hearts), two sides (two sides),  
or am I really just selfish to the bone?  
so don't hesitate, I'm a psychic babe,  
let your feelings open all,  
but I'll tell you something right now.  
Not gonna, don't wanna,  
never gonna, don't wanna, wanna end up alone  
Not gonna, never gonna,  
don't, don't wanna, wanna end up alone  
Oh, no, oh marjerite, oh,  
not gonna na, don't wanna na,  
not gonna, don't wanna, don't know,  
(not gonna na, don't wanna na,  
never gonna, don't wanna, don't know),  
not gonna na, don't wanna na,  
not gonna, don't wanna, don't know,  
(know, know, oh),  
Oh, no, oh,  
Yeah ? Cool.
