

## Dear diary - 1/1

**Interprété par Travis.**

CD The invisible band

dear diary

what is wrong with me

cos i'm fine between the lines

be not afraid

help is on its way

a sentence suspended in air way over there

dear diary

what else could it be

as nightshade descends like a veil under the sail of my heart

be still don't stop until the end

dear diary

what is wong with me

cos i'm fine between the lines
